THE modest man who brought his little piece to the newspaper office, beginning, "The melon-cholic days," was promptly fired out and clubbed to death as usual, and what a melon-choly fate it was!

His party's front name it was Haggis. He came into town from Burlington. He killed the mule. And the ignorant fool who had been stoned to death in a wagon.

SOMETIME ago the city of Lincoln submitted a proposition to the voters to issue \$75,000 of bonds to build water works. The people voted it down, whereupon a number of wealthy citizens of the city met and organized a joint stock company and are going to build the works.

CHARLES BACHMAN has commenced moving his stock of furniture and stoves to the old stand of A. A. Hubson, south side of the park, where he will be prepared to give largesse to all who may call on him.

The Illinois wool growers' association has offered three pure silver goblets, of \$50 each, to the breeders of fine wool, middle grade, and long-wool sheep, the show to be held at Peoria during the state fair in September next.

THE weather in this region still remains brilliant hot with no indications of an early rain to cool the heated atmosphere. Reports of sunstroke cases may be expected any hour unless a welcome polar wave strikes us. Sunstroke is many Cincinnati cases during the recent season of warmth there was treated with hot water instead of cold. The following directions were published by such physicians as favored the plan: "Lay the patient on his back; loosen the clothing, so as to encourage a free flow of the blood; expose the chest, especially over the region of the heart, and with a large cloth, towel or sponge freely bathe the head, face, neck and chest with hot salt water, as hot as can be handled, continually adding more hot water and applying it until the patient is stiff. Use one teaspoonful of salt to every quart of hot water. Have the feet made bare and rubbed or slapped, and in extreme cases apply mustard poultices. Give internal, if a temperate man, a teaspoonful of whisky in hot water; if a drinking man, use a little ammonia or hartshorn in hot water; if soon after a meal, put a teaspoonful of yellow mustard into a glass of warm water, and have the patient drink it, following up with more until he vomits freely. As he convalesces give at first lime water and milk (one-fourth lime water and three-fourths milk), afterward a liquid diet until the stomach is strong enough for solids."

SPRINGING of the disappearance of C. N. Walls the Paris Gazette of this week says: "Mr. Walls has been living in this city for the past two or three months, and leaves a wife and one child. He was not a man addicted to drink, but was sensitive to the extreme heat, on account of having been sunstruck a couple of years ago. His mysterious disappearance has caused great interest to be manifested in this city and neighborhood where his wife's relatives live, south of this city. It is to be hoped that he will yet turn up and be restored to his family." Mr. Walls is still missing.

THE region round about Rea's Bridge all day yesterday was the scene of a pleasant picnic party, given under the direction of Mr. and Mrs. Samuel Trotter and the Churchman family. In all there were about 50 people present, among whom were Rev. and Mrs. W. H. Musgrave and Mr. and Mrs. Einstein. The men folks got a seine and pulled out sixty fish at one haul. Fried fish was on the bill of fare for dinner. The party returned to the city late in the evening.

FARMERS report that corn in various parts of the county is suffering considerably at present on account of the continued dry weather. Early planted corn looks well, and some that was planted in stumpy ground is out of danger, but unless a rain comes soon the late planted corn will be damaged beyond recovery. The acreage of corn is large, and the yield with favorable weather would have been enormous, but at present the prospects are very bad. The bugs and other pests have not injured the grain materially, as the corn got a good start before they appeared.

IT took 350 yards of Linn & Scruggs' diamond and coral matting to cover the floor of the library room in court house block. It gives the spacious and well-lighted room a fine appearance that will be appreciated and praised by the patrons of the institution, which is daily growing in popular favor with the general public. It will take until about Sept. 1st to get the furniture and books in proper shape in the new room.

THE funeral of the infant daughter of Jacob Willhelmy occurred last evening and was largely attended by sympathizing friends of the family. The funeral of Cora Hughes Lee, daughter of Mr. and Mrs. Thomas Lee, was also largely attended.

THE WELCOME HOME.

A Surprise Reception Tendered Mrs. Otto E. Curtis and Bride by the Redotto Club and Friends.

As announced in these columns, Mr. Otto E. Curtis and bride arrived here from the east on Tuesday evening, when they were given a cordial welcome home at the residence of Dr. Curtis. It was a surprise arranged by the Misses Ida, Louise and Blanche Jones, and other members of the Redotto Club, to give Mr. and Mrs. Curtis a surprise reception, and to that end they were invited to take tea at the residence of Mr. and Mrs. E. A. Jones last evening. They accepted, but owing to subsequent events over which they had no control, they lingered until the "wee small hours" of morn, for soon after 7 o'clock carriages and buggies containing a large number of our society young people began to arrive, and then it was that "Oh!" began to display extra smiles of pleasure and give evidence that he realized in a measure at least the purpose of the unexpected invasion of his associates and friends. The visitors were Misses Mollie Barnes, May and Jennie Rogers, Rose Judson, Nellie Duffee, Belle Ewing, Nettie Bowers, Dollie Millikin, Fannie Shellenbarger, Nettle Large, Maggie Good, and Mrs. Sedgwick, and Messrs. H. W. Osborn, Frank Caldwell, C. W. Chalmers, James Hatfield, B. Z. Taylor, Charles Armstrong, Mark Oliver, Herb. Bartholomew, Harry Crea, Parke Hammer, Harry Duffee, Edgar Ewing, Frank Curtis, James Coop and Will Smith, of Urbana, all of whom were attired in party costumes, and after the introductions, gave Mrs. Curtis a most cordial welcome into Decatur society, and congratulated Mr. Curtis on his safe return home to brighten and enliven the social circle with his cheerful presence. The exchange of greetings over, the company engaged in terpsichorean pleasures to the music of Prof. Goodman's orchestra, with Prof. Leonard as prompter, until 11 o'clock, when the elegant supper was announced. The remaining hours of the brilliant occasion were given up to dancing and promenading on the lawn, and social chat.

Mr. and Mrs. Curtis will make their home for the present at the residence of Mr. and Mrs. John Hatfield, and will be "at home" to their friends on Thursdays during the present month.

Wabash Changes.

The Springfield Journal of yesterday stated that it is rumored around in railroad circles there that a number of changes will be made shortly in all departments of the Wabash road. What these changes will be, none of the employees seem to know, but in the meantime they are on the ragged edge. A change of officials generally means a lopping off of certain operatives that do not stand solid with new made "brass collars," and naturally most of the employees are interested to know what will come of the change.

Going Away.

The Jacksonville Journal of yesterday contained the following: "Mr. J. H. Cunningham, formerly of this city, but now of Decatur, is in the city making arrangements preparatory to moving hither with his family. Mr. Cunningham was appointed administrator of the estate of William D. Cunningham, deceased, and filed his bond for \$5,000. Mr. Cunningham has lately in business on Prairie street, in this city, and we should regret his departure."

Sequel to the Introduction.

The special attention of our readers is directed to-day to the sweeping reductions in prices at Linn & Scruggs' large and widely known dry goods and carpet house of this city. A simple glance at the firm's announcement in an advertisement in another column of this issue will convince the most incredulous that Linn & Scruggs mean business. They give former and present prices of goods, and a big rush to the store of city and country folk will be certain to follow. First come, first served.

Decatur Driving Park.

We made arrangements by which Mr. Hart was to sprinkle the track of the Decatur Driving Park last evening, and it was so stated in yesterday's REPUBLICAN, but we find that from some cause or other the sprinkling was not done, and we take this means of informing the public that no one may be disappointed.

THE FIRE-PUT OUT QUICK.

The alarm of fire sounded this forenoon was occasioned by a little mishap with a vapor stove in the lunch room department of the Central Hotel at the Union Depot. A party failed to turn off the jet of burning fluid, when the attempt was made to fill the elevated "reservoir" with oil, and the consequence was a momentary flare-up of flame which ignited the gauze covering of the shelving, resulting in a sudden scorch of the woodwork and ceiling. But little damage was done, as the fire in the stove was quickly quenched by twisting the proper thumb screw. Excitement ran high for a few minutes. The firemen responded promptly to the call, but their services were not required. The Hennessey and Hookley got as far north on Water street as the big Methodist church before they got notice to turn back.

Granted a Vacation.

This evening Rev. W. H. Moore, rector of St. John's Church, will leave for Kenosha, Wisconsin, to bid a short farewell to his family before taking his departure on Monday next for the seaside pleasure resorts and points of interest in Maine. The Vestry of the church has voted the Rector a month's vacation and presented him with a bulky purse of cash for "contingent expenses" while absent. He will return about Sept. 1st.

Richard Kimball, the popular merchant of Mt. Auburn, was in the city yesterday.

Miss Emily L. Simpson, of Latham, is the guest of Mrs. James M. Wiswell.

James H. Prentley had a relapse on Monday last, but we are pleased to announce that he is now on the road to recovery. His prostration by the heat at Springfield recently was quite serious.

V. H. Parke, who is in the east with his family, remembers the REPUBLICAN by sending us a copy of the Salem (Mass.) Register, received this morning. The paper is nearly 82 years old and is published semi-weekly.

Ex-Gov. Oglesby of this city, who is now in Leadville in splendid health, has carried a bullet in his body ever since 1862, having received it from a rebel musket at the battle of Corinth. It causes him some uneasiness occasionally, but he has long since ceased to feel anxious about it. When shot he determined not to die, and he lived.

Miss Maxwell, of Washington, D. C., who is spending the summer visiting in Decatur, was the victim of a pleasant surprise last evening, at Mr. A. Nebinger's. About a dozen or fifteen of her newly-made friends called on her in a body and spent the evening in social chat and pleasant games. At a suitable hour an abundance of inviting refreshments were served. The occasion will be pleasantly remembered by the visiting young lady.

Past Chancellor Henry McClellan was 39 years of age yesterday, and last evening after the adjournment of the Knights of Pythias Lodge, 1 A. Bockingham formally presented him with an elegantly bound volume of the Revised Edition of the New Testament, as a memento of the anniversary. As yet Henry has manifested no change of heart, but he may after he has perused the pages of the gift and is qualified to express an opinion as to the work of the revisers.

Miss Nellie L. Smith accompanied by her mother left for her home at Hartland, Vt., last night at 10 o'clock. She was removed from Mr. Gastman's residence to the depot on a cot, and was placed in a comfortable berth in a sleeper, where she will rest easy, and go through to within three miles of her home without change of cars. Miss Smith received a large number of calls from her hosts of Decatur friends since her arrival here, from Lake City on Monday noon, all of whom earnestly hope that she will soon regain her health.

Mr. H. S. Moore, formerly General Superintendent of the Indianapolis, Decatur & Springfield Railroad, is now General Superintendent of the New Orleans Pacific, with headquarters at New Orleans. The New Orleans Pacific starts from Freetown, just opposite Canal street, New Orleans, and runs parallel with Morgan's Louisiana & Texas road some 30 miles to Baton Rouge. The road is being rapidly pushed forward toward Shreveport. This is a Gould line, and is to connect with the Texas Pacific.

Jacksonville Journal: Frank Bianguilo, (he and his troupe of artists are well known in Decatur), leader of the popular Italian band which furnished so much music here last winter, sends in word from Manitou Springs, Col., that they will positively make this city their headquarters throughout the entire winter '01-'02. Many of our young folks will learn of this with genuine rejoicing, and we may expect to have the music of Terpsichore making things lively on many a mid-winter's night.

Scientific Advancement.

Scientific advancement, it has been remarked, has been slower and less noticeable in the care of the sick and the treatment of disease than in any other department of human knowledge. The life or death of a patient is too frequently a mere matter of accident or chance. Some great discoveries, however, have been made and certain remedies are known and used with almost infallible curative results. Such a remedy is TARAXIN where a deranged liver is involved, or where disease of the bowels, kidneys or spleen prevail. Dr. A. J. Storer, Agent.

THE COMPANY'S GIFT.

That sword and belt presentation to Major C. M. Duffee at the Rifles' Picnic.

In our last evening's edition, in giving an account of the Decatur Rifles' picnic at the fair grounds, mention was made of the fact that Major C. M. Duffee, of the Fifth Regiment, 1 N. G., had been presented with a handsome sword and belt. Below are the remarks of Edward S. McDonald, who gracefully made the presentation speech while the picnicers sat around the festive board:

Major CHARLES M. DUFFEE, of the Fifth Regiment, Illinois National Guards—a company whose success has depended upon your untiring efforts, and one which has, by your noble and generous acts, gained a standing second to none in the state—present to you this sword and belt. We the members of Co. E, are proud of and appreciate the honor bestowed upon you by your late promotion, and each member of our company feels assured of your future success and will extend his every effort and aid in your behalf. It is now a pleasant duty for me to present to you this sword and belt. We ask you to accept it as a token of our respect and of our appreciation of your generous services to the company.

The pleased recipient was taken wholly by surprise, but he gave utterance to his heartfelt feelings in fitting words.—

The gift is the handsomest sword ever worn by a National Guard officer, and the Major will wear it and treasure it with no small degree of pride.

During the afternoon the Rifles' nine gave an exhibition target practice. Five rounds were fired by each man, and Sergeant Edwards bore off the honors of the day by earning a score of 20 out of a possible 25. The other scores were as follows: J. N. Baker, 18; Stacy Lunsford, 17; George Nims, 16; Harry Miller, 14; G. W. Morland, 13; Henry Lyon, 12; J. M. Stockey, 12, and Joe Berry, 11.

A Sunday Train.

The members of the Illinois State Holiness Association are now holding their annual Camp Meeting at Camargo, in Douglas county beyond, Tuscola. It will close on Wednesday next, Aug. 10th. A large number of people having expressed a desire to visit the camp meeting ground on Sunday, Aug. 7th, the management of the Indianapolis, Decatur & Springfield Railway Company have decided to run a special train on their road that day for the accommodation of the public. The special train will leave Decatur on Sunday, Aug. 7, at 7 a. m., arriving at Camargo at 9:30, a run of two hours and 30 minutes. The train will leave Camargo on its return trip at six o'clock p. m. Fare for the round trip from Decatur \$1. A large number of noted divines will be at the camp grounds.

How They Do Things Out West.

A Carson City paper reports the following lively law proceedings: Yesterday afternoon a young man came into Justice Carey's court room, with the rim of his hat drawn over his eyes, and remarked: "Do you know me?" "I think," replied the court meekly, "that you are the chap I sentenced for stealing about a year ago." "That's just the hair pin I am," replied the other, "and there's \$20 for my fine."

"But you served your term in jail," said the judge, "and owe me no fine."

"That's all right, old boy, but I'm about to commit an assault and battery, and I guess I'll settle now. You are the man I propose to lick."

"Oh, that's it!" rejoined the court pocketing the coin; "then you can start in, and we'll call it square."

The young man advanced to the court, and let out his left. The judge ducked his head, and rising up, lifted the intruder in the eye with a right-hander and sent him over against the wall. In a moment the court was climbing all over the man, and in about three minutes his face was hardly recognizable. The man begged the court to let up, which he finally did. As the fellow was about to go out, Carey went after him with:

"See here, young man, I don't think the fighting you did ought to be assessed at more than two-fifty—here's \$17.50 in change. I ain't charging you anything for fighting, but just for my time. Next time I won't charge you a cent." The rough took the change and the next train for Virginia City.

In making "pure ground coffee" the rule in Boston and New York is to mix one bushel of beans and one of roasted peanuts with one bushel of cheap coffee. The package is then labeled: "None better—beware of imitations."—Detroit Free Press.
